

EL CONQUISTADOR RESORT

Booking Links instructions:

Thank you for your business! Here are some instructions and tips on how to use our booking method thru our hotel Link:

1. Once the Group Reservations Team has properly completed building your Room Block in our reservation system, you will receive an email confirmation. In the email you will find important information such as the cutoff *- date for reservations, total number of rooms in your room block, the name(s) of the Group Reservations agent(s) and the LINK for reservations (see example below). Please remember we are seven days at week available, you may send questions or concerns to reservations@elconresort.com. *The reservations link will automatically stop working the same date noted as your “Cutoff date-*

9. The last step will be adding the Guest information. On this page the guest can add any additional Comments, requests and the credit card for all individual reservations. Automatically the reservation is complete an email correspondence will be sent to the electronic email address provided.

If is by rooming list, the person in charge of the group rooming list or meeting planner can add notes or comments such as “Crib Requested/ Early Arrival/ etc...Also, we highly recommend to use the same email address for your records.

Tips

- A. Pre and post nights are based upon room and rate availability, unless they are contacted as part of the room block. If this is not the case, you may contact our Sales Manager or Event Services Manager if you wish to guarantee them on your room block in order these pre and post nights show its availability on the group link. Otherwise, once the guest has the confirmation number for their reservation, they can email their requests to our Reservation Team at reservations@elconresort.com
- B. When using the link if one of the days shows as “Check Out Only “, it means the room block for that night is full. In this case, you need to contact your Sales or Convention Manager for additional availability.
- C. Sometimes the reservation online system shows the departure date a date after the actual date, the correct check out date will be shown when selecting the dates.
- D. Contracted resort fees will not be corrected in the calculations of each reservations. The reservations will calculate normal Resort fees.
- E. The booking link will show the contracted Group Name as per the contract.
